

• Art Exhibits • Workshops • Installations • Artist Talks • Fireside Chats • Food & Vendor Stalls

Bengaluru's First Future-Focused Children's Biennale

Welcome to a future imagined by children. Explore seven creative journeys across eight Ekya campuses where art, play and bold ideas shape tomorrow.

What does the future feel like?

- 🌱 Future of Nature (Ekya School, NICE Road & Ekya Vana Early Years)
- 🔌 Future of Machines (Ekya Nava, Varthur)
- 📅 Future of Memory (Ekya School, Byrathi)
- 🏙️ Future Cities (Ekya School, BTM Layout)
- 🎭 Future Rituals & Culture (Ekya School, ITPL)
- 🎮 Future Play (CMR NPS, HRBR Layout)
- 🌐 Future of Connection (Ekya School, JP Nagar)

What if you could see the future through a child's eyes?

At the Ekya Children's Biennale, children become the artists, turning their ideas, questions and wildest imaginations into art, design, installations, technology, movement and stories. Across our campuses, they've spent months creating their own take on the question **What Does the Future Feel Like?** exploring everything from nature to machines, memory, cities, play and connection.

Step into their future. See the world differently.
